Steelscape's Specialty Finishes Products Earn Your Project Points Toward LEED Certification:

BENEFITS OF PREPAINTED SPECIALTY FINISH PRODUCTS

- More energy efficient than similar products
- Requires less maintenance and is more durable
- Contains pre-consumer recycled content
- Contains post-consumer recycled content
- Salvaged and reconditioned from previous use
- Recyclable or biodegradable after use
- Contributes to USGBC LEED 2009 or LEED V4 Credits

BENEFITS OF METAL ROOFING

- Environmentally Friendly
- Durable
- Long Lasting
- Mildew/Mold resistant
- Lightweight
- Easy to install

Port of Kalamazoo Interpretive Center, Kalamazoo WA
(Weathered Zinc - Standing Seam Roof and Burnt Rust - Wall Cladding)
