RE: ZINCALUME® STEEL & ZINCALUME® Plus STEEL ENERGY STAR® Compliance

To Whom It May Concern:

Steelscape is pleased to inform you that our ZINCALUME steel and ZINCALUME® Plus steel products are registered as approved ENERGY STAR roofing products.

To access the list of registered ENERGY STAR roofing products, please go to <http://www.energystar.gov> and follow these steps:

1. Click on **Products > Find ENERGY STAR Products**
2. Under the **Building Products** list, click on **Roof Products**
3. Click on the **Find and Compare Products** button
4. Search for the term **Steelscape** and you will see all of Steelscape's listed products

Steelscape's ZINCALUME steel and ZINCALUME Plus steel products can be used in conjunction with our Spectrascape® paint system to achieve ENERGY STAR Roof Product certification; however, it is the responsibility of the customer to achieve this certification.

Should you have any questions regarding Steelscape's ENERGY STAR listing, please feel free to contact your Steelscape Account Manager.

Sincerely,
Steelscape, LLC
